AUTHOR AND TITLE INDEX TO VOLUME 68

In this Index in alphabetical order are the names of the authors of all articles and the presenters of cases in Society Transactions, followed by the title of the article or case presented and the page numbers on which their articles or cases begin. The asterisk (*) preceding the page number indicates an original article, case report, review article, or scientific exhibit.

For Subject Index see page [4].

SUBJECT INDEX TO VOLUME 68

The following Index contains an alphabetical list of significant subjects presented in this volume. Books reviewed are indexed alphabetically by title under the heading "Books." The asterisk (*) preceding the page number indicates an original article, case report, illustrated article, or review article.

A

Abscess tonsillectomy
725 cases [Grahne], *332

Abstracts from Current Literature
ear, 121, 649, 778
pharynx, 128, 783
larynx, 125, 650, 782
miscellaneous, 131, 652, 784
nose, 128, 651, 782

Adenocarcinoma
chromophobe, intranasal [Lawson], *704

Allergy
nasal, and secretory otitis media treated with promethazine [Weekes], *748
sinusitis in allergic patient: management [Evans], *416

American Board of Otolaryngology
examination, 268

American Rhinologic Society
annual program meeting, 389

Aphagia
following bulbar poliomyelitis: surgical correction [Bofenkamp], *165

Apparatus
laryngoscope, multipurpose, for peroral laryngoscopy [Lewy], 501
Lempert-Storz glasses: use with otoscope in stapes mobilizations [Laff], 214
rongeur for removing posterior bony canal wall in stapes mobilization [Davol], 216

Audiometry: See also Hearing, examination
automatic: recruitment measured by [Landes], *685
frequency and amplitude modulation [Reilly], *363
speech, with magnetic tape on cards [Miller & Fowler], *207

Auditory apparatus: See also Ear
human: contribution of first and second branchial arches to [Anson & Bast], 771

Aviation medicine
unsolved problems of aviation otolaryngology [Campbell], 263
